Huge outpouring of grief, support for family after electrical accident claims Bay native's life

BY GEOFF BELCHER
GENERAL MANAGER

Friends and family members gathered Saturday afternoon at University Medical Center in New Orleans to bid farewell to Bay St. Louis native Cayce Seal.

Cayce -- the 28-year-old son of Bay St. Louis City Councilman Doug Seal and his wife Michelle -- was badly shocked in New Orleans last Wednesday while working as an Entergy lineman.

At first, the family hoped and prayed he

would recover, but his girlfriend Cassie Lassabe posted on social media Friday that, "This morning, we got news that crushed our hearts. It appears that Cayce had more significant cardiac and neurologic damage than we originally thought, and his chances of recovering have dwindled. He is resting at the moment and we ask that you please pray for his comfort and salvation. Cayce is preparing to give the gift of life so that he can continue to influence and impact

others around him.

"Please know that the tremendous outpouring of support has made this journey a little more bearable. Much love from our entire family to each and every one of you."

"Even in death, he is still giving," Doug Seal posted on Saturday. "Cayce will be a donor of life for others. We are having a donor flag ceremony at 3 p.m.

"Today, as Cayce prepares to leave this world as a hero, giving the gift of life to others, we wel-

WWHCO celebrates Juneteenth; honors the Coast's first black female volunteer fire chief

The Waveland Helping Hands Community Organization on Saturday hosted its annual Juneteenth celebration at Martin Luther King, Jr. Park in Waveland.

According to a WWHCO booklet, "Juneteenth is the oldest known celebration commemorating the ending of slavery in the United

States. Dating back to 1865, it was on June 19 that the Union soldiers, led by Major General Gordon Granger, landed at Galveston, Texas with news that the war had ended and that the enslaved were now free. Note that this was two-and-a-half years after President Lincoln's Emancipation Proclamation — which had become official January 1, 1863. The Emancipation Proclamation had little

impact on the Texans due to the minimal number of Union troops to enforce the new Executive order. However, with the surrender of General Lee in April of 1865, and the arrival of General Granger's regiment, the forces were fi-

Smithsonian exhibit opens July 3 at Waveland's Ground Zero Hurricane Museum

The "Crossroads: Change in Rural America exhibit is scheduled to open at the Waveland Ground Zero Hurricane Museum on July 3.

The exhibit is made possible through The Smithsonian's Museum on Main Street, in cooperation with the Mississippi Humanities Council.

"It truly takes a village to put something like this on," museum board chair and project director Bernie Cullen said.

The effort to bring about the Smithsonian exhibit was started by the late LiLi Stahler-Mur-

phy, who was instrumental in opening the doors of the Waveland Ground Zero Museum. Cullen also thanked the Hancock County Chamber of Commerce, the Hancock County Historical Society, Hancock County Tourism, the Waveland Board of Mayor and Aldermen, and the Hancock County Board of Supervisors for their support of the Smithsonian exhibit.

The museum opened in August 2013 on the eighth anniversary of Hurricane Katrina.

Last year, the museum was dedicated to her memory and now bears the sign, "Waveland's

Her husband, Donald Murphy, said last year that LiLi's road to opening the museum was often frustrating, time consuming, but it turned out to be some of her "proudest moments."

"The fact that it (the museum) stayed open, the attendance and the upcoming Smithsonian exhibit," Murphy said. "The museum board is now tasked with making it a total success."

County mulls in-house beach maintenance

BY CASSANDRA FAVRE

The Hancock County Board of Supervisors is discussing the possibility of in-house beach maintenance.

The county currently has a contract with Black Diamond Construction.

At the June 7 board meeting, county engineer Geoff Clemons said that beach maintenance bids were taken on May 3.

The low bidder was Black Diamond Construction with a total base bid of \$414,350 with pre-storm options totaling \$22,570, Clemons said.

The other bidder was DNA Underground, LLC with a total base bid of \$421,750 with pre-storm options totaling \$156,780.

Clemons said that the biggest difference was the deep sand screening bid. Black Diamond's totaled \$50 an acre versus DNA Underground's \$500 an acre.

District 1 Supervisor Theresa Ryan asked for Clemons' input on the county's current contractor's performance with beach maintenance.

"We have to be totally frank," he said. "Over the last couple of years, it's been up

On June 17, President Joe Biden signed the Juneteenth National Independence Day Act, creating a new federal holiday.

“Juneteenth marks both the long, hard night of slavery and subjugation, and a promise of a brighter morning to come,” Biden said prior to signing. “This is a day of profound — in my view — profound weight and profound power. A day in which we remem-

ber the moral stain, the terrible toll that slavery took on the country and continues to take — what I’ve long called ‘America’s original sin.’”

Biden added that Juneteenth “represents not only the commemoration of the end of slavery in America more than 150 years ago, but

the ongoing work to have to bring true equity and racial justice into American society, which we can do.”

WWHCO Vice-President Clarence Harris said Saturday that the declaration of Juneteenth as a national holiday was a “wonderful thing and a long time coming.”

WWHCO also made a presentation to West Hancock County Fire Rescue Chief Deedra Burton.

Harris said that Burton has been with the fire department for more than 20 years and worked her way up to become chief.

“She’s the first minority black female chief, at least on the Gulf Coast for a volunteer department,” Harris said.

Burton thanked the WWHCO for the honor.

“I never imagined in a million years, something I just love to do would lead me here,” she said.

During Saturday’s event, the community painted, played chess, learned about voter registration, and also where to take the COVID-19 vaccination.

Harris said that despite having to postpone the event by a week, there was a nice turnout.

“Those that came out seemed to enjoy themselves,” Harris said.

WWHCO members include: Harris, President Earlean Washington, Mayola Haynes, Edna

Summers, Ruby Wells, Elizabeth Simpkins, Veronica Harrington, Leroy Hawkins, Karen Singleton, Cynthia Simpkins, Vera Barnes, Kanisha Jones, Rev. Robert Preston, Rev. Joel Wallace, Arthur Clementine, Bruce Northridge, Ira Hatchett, Terry Harris, Douglas Hawkins, and Ann Steinmetz.

Harris said that from now through the end of July, Steinmetz will be hosting basic chess lessons every Monday from 3 to 4 p.m. at the community center, located at MLK Park at 447 Herlihy St. in Waveland. Lessons are open to young adults and adults, he added.

Claws for Celebration: Crab Fest Returns!

BY GEOFF BELCHER
GENERAL MANAGER

One of the biggest annual festivals on the Coast is scheduled to return this week in Bay St. Louis for the first time since the pandemic began — Our Lady of the Gulf Catholic Church will host the 37th annual Crab Fest this Thursday, Friday and Saturday.

“Crab Fest is back,” event chairman James “Jimmy” Osbourn said Tuesday. “We have the same great food we’ve always had. We’re going to have over a 150 craft booths, We’ve got the rides for the young people, and as far as food, we’ve got boiled crabs, boiled shrimp, stuffed crab potatoes, hot dogs, hamburgers, and all the crab specialties and New Orleans favorites people love, plus funnel cakes, snowballs, cotton candy and a whole lot more.

“It’s right here on the beach in beautiful Bay St. Louis, it’s a great, fun family event.”

The gates will be open at the Crab Fest grounds from 11 a.m.-

11 p.m. all three days of the festival, Osbourn said.

Crab Fest is also bringing back its stellar live music line-up, Osbourn said.

On Thursday, Monsters at Large with special guest Shea Michaels are scheduled to perform from 7-11 p.m.

On Friday, Ross Grisham is scheduled to perform from 2-6 p.m. and the Chee Weez are scheduled form 8-11 p.m.

ON Saturday, JC & the Baytown Groove are scheduled to perform from 1:30-5:30 p.m.

Cat 6 will perform from 6:30-11 p.m.

In addition to the food, carnival rides and live music, Crab Fest will include a 5K Crab Run on Friday starting at 7 p.m.; a 50/50 raffle and a \$1,000 raffle; plus a raffle for a full-grown palm tree valued at more than \$1,000 donated by South Beach Palm.

Osbourn has been on the Crab Fest Committee for the past 30 years, but this is his first year as chairman for the event.

“We’ve got four major sponsors, Silver Slipper Casino Hotel, Mitchell Distributing —the Budweiser people, United Coca-Cola and Direct Auto Sales right out there on Hwy. 603, and we really want to thank them,” Osbourn said.

“I’d like to also say thanks to others who have donated and helped with this year’s Crab Fest.

“The hurricane damaged our pavilions pretty badly (last year), but we have come back bigger and better than ever and it’s going to be a good time for the whole family.”

Youth and family members from The Church of Jesus Christ of Latter-day Saints spent the morning of Saturday, May 29th cleaning up the beach at Washington Street pier in Bay St. Louis. The activity was a service-learning project facilitated by Mississippi State University’s Plastic Free Gulf Coast program in partnership with the church group. In addition to cleaning up trash in the area, participants learned about specific challenges associated with plastics in the environment and things they can do to help reduce plastic use.

“We work with our youth and children out-

side of Sunday worship on developing personal and group goals – intellectual, spiritual, social, and physical – so they can be healthier, more Christ-like, and active members in their community,” commented Kelsey Johnson, volunteer Primary Leader for the local congregation. “Many of our youth have expressed interest in learning more in the areas of science and the environment and were also very excited about service opportunities. This seemed like a great opportunity to help our youth progress in their goals and help out in the community at the same time.”

The group also received a sweet surprise

with a beautiful beach-scene cake from Rouses Market in Diamondhead donated by Lecanna Dunigan, a resident in Diamondhead. “It was amazing how it all came together,” reflected Johnson. “None of the residents who offered to pay for and donate the cake are affiliated with the church, but we have such a generous community. It really made the kids’ day and it turned out it was even one of our youth’s birthday that day, so it was perfect timing!”

Theron Shields is the Bishop of the Waveland congregation of The Church of Jesus Christ of Latter-day Saints. “We feel that helping our youth and children learn

at a young age to be unified with their communities, and to always take care of where they live is so important. Partnering with Plastic Free Gulf Coast was a perfect opportunity to do just that,” said Bishop Shields.

Around 50 volunteers came out for the event and cleaned up approximately 35 lbs. of plastic waste and 45 lbs. of oth-

er trash and construction debris. The Waveland Congregation of The Church of Jesus Christ of Latter-day Saints is located at 1911 McLaurin Street in Waveland, Mississippi. Sacrament meeting is held at 9 am on Sunday mornings. For more information about The Church of Jesus Christ of Latter-day Saints, visit <https://churchofjesuschrist.org/>

Hancock History: The Gaming Industry

Gambling in Mississippi has been a popular pastime in our long, rich history. Legal gambling was available in hotels like Pine Hills, the Edgewater Gulf, the Tivoli, the Buena Vista, and the White House during the mid twentieth century. Inland roadhouses provided back room gambling activity and slot machines were located in many different businesses along the coast. Roadhouses visited by white citizens were called “honky-tonks” and those visited by black citizens were called “juke joints.” However, during the 1950’s, gambling was discouraged by groups of ministers and concerned citizens that lobbied for strict enforcement of anti-gambling laws.

Nevertheless, attitudes changed in the late 1980’s. With a slumping economy in Mississippi, gambling was embraced and legislation passed to license casinos along the Mississippi River and the coastal counties. Marlin Torguson was the pre-eminent visionary of the local gaming industry and built the very successful Casino Magic in Bay St. Louis. John Ferrucci is the General Manager of the Silver Slipper Casino at Bayou Caddy. The casinos were significant catalysts of economic development at the turn of the century. The gaming industry has become an important chapter in the economic history of Hancock County.

HANCOCK HISTORY
by James Keating
M.D.

A typical Hancock County casino may have a thousand slot machines in its gaming parlor and twenty-five table games. A new casino might let the slot machine manufacturers such as I.G.T. (International Gaming Technology) put their slot machines in their establishments and just charge “rent.” As the casino prospers, the slot machines are purchased from the manufacturers and the house keeps all the revenues. That said, slot machines are programed to hold only 6% of the intake, accomplished with a random generator “chip.” As a matter of fact, video slot machines in most sites replaced the old mechanical “one armed bandit” a long time ago.

By comparison, table games like poker, blackjack, craps, baccarat, and roulette hold a slightly higher percentage than slots. The rest goes to the customers. In spite of that, it is estimated that the gross revenue of the Silver Slipper is about \$5M/month and that of the Hollywood Casino is about the same. Casinos are judged by their E.B.I.T.D.A. number also known as earnings before interest, taxes, depreciation, and amortization number. The ideal is 20% or more. This

“We’re All in This Together”

June 28, 1969 was one of the seminal moments in American history when gay Americans resisted what was seen as police brutality at the Stonewall Inn in Greenwich Village, New York. As a result of Stonewall: within weeks, two gay rights activist organizations were formed in New York, newspapers were established to promote rights for gay men and lesbians, and a year after the uprising, the first gay pride marches took place in New York, Chicago, Los Angeles and San Francisco.

for LGBTQ+ rights in this country, and join with our fellow Americans in recognizing that

our country is one of inclusion, not exclusion, with equal rights for all. As Jacqueline Amos of

the Hinds County Democrats observed, “Pride Month allows us to recognize the simple truth that each of us deserves to be recognized for who we are and that our citizens are treated with dignity, kindness, and respect.”

On June 1, President Joe Biden signed a formal proclamation declaring June 2021 as LGBTQ+ Pride Month. We join with our friends, neighbors, and loved ones in celebrating this month and the anniversary of the Stonewall demonstrations.

Reasons why the county supervisors should finance a study to determine the financial savings and benefits to the students, teachers, and taxpayers of Hancock County

1. The Hancock Board of Supervisors is the only governmental entity in Hancock County that represents all of the citizens of the Bay Waveland and Hancock County School Districts, as was pointed out at the 7 June 2021 meeting. Four of the five Supervisors represent a number of residents in the Bay Waveland School District (BWSD) and all five of the Supervisors represent a number of residents in the Hancock County School District (HCSD).
2. At all times, the goals of school boards should be to do what is right and prudent to:
 - a. Provide the best education of students.
 - b. Provide the best pay for teachers.
 - c. Maintain the lowest Ad Valorem taxes possible while achieving these goals.
3. If/when school boards ignore their fiduciary responsibilities, a

governing body or bodies should make the residents aware of the problems and offer possible solutions.

4. If/when school boards believe it is more important to protect their turf and positions than to do what is best for the students, teachers and community, a higher governing body should become involved to evaluate what is best

for the community rather than what is best for one school district.

5. If/when “cultural differences” are used as an excuse for not making changes, a governing body should become involved. Hancock County has witnessed tremendous changes following Katrina. Many residents have left the county, many others have moved in. The residents of

Hancock County unite to attend area churches, restaurants, celebrations and festivals. Surely they can unite for an improved education system. Past prejudices should not define the present.

6. If/when you have a declining school population in two districts with incredibly increased total spending, actions should be taken. At a minimum, there should be an in depth review of duplicate spending, efficiency of services and best utilization of assets. By eliminating duplicity, could some money be used to better support the student population? Could some money be used to improve teacher pay? Could Ad Valorem taxes be lowered?

As you know, I strongly believe that an

Missing woman’s body found submerged in car off I-10

BY GEOFF BELCHER
GENERAL MANAGER

Courteny Johnson’s car was found submerged in a body of water in Hancock County.

Wednesday.
The St. Tammany Parish Sheriff’s Office requested help from Hancock County Sheriff

Ricky Adam’s office on Friday morning.
“St. Tammany Parish Sheriff’s detectives were searching for Johnson along the I-10 corridor in Mississippi when they observed an area where a vehicle had recently exited the roadway,” St. Tammany Sheriff Randy Smith said. “Mississippi authorities were notified and began their search in the adjacent water.”
The Mississippi Highway Patrol reported that Johnson traveled off I-10 to the left and entered the water. Her car was then carried by the current under the interstate through a large box culvert and came to rest underwater on the other side of the highway.

Her car was located a few hours later and pulled from the water.
The MHP is handling the investigation, Smith said, “However, foul play is not suspected.”

independent firm should be hired to evaluate and review the benefits that could be obtained through the consolidation of BWSD and HCSD. Once again, I have reiterated my reasoning. Now I have to ask, is there any good reason to NOT spend approximately

\$15,000 to possibly save millions of dollars? Is there any good reason to NOT spend \$15,000 to study decreasing administrative costs and increasing funding for the students and teachers? Is there any good reason to NOT spend \$15,000 to evaluate a possible decrease in Ad Valorem taxes.
I hope that you will seriously consider this request.

number is used industry wide as an indicator of the efficiency and profitability of a casino.
The gaming industry has probably been the most important stimulant of economic development in Hancock County in the last thirty years. It provides 1000 jobs directly into the local economy. In the 1980’s, Hancock County was

failing as a tourist destination. Gaming has converted the economy, yet the place has not lost its unique charm. Fears that the neighborhood would deteriorate like Atlantic City did not occur. The Gulf Coast is unquestionably a “one coast” destination. Casinos pay ad valorem taxes and sizable state and local gaming taxes. The Hancock County Assessor, Jimmie Ladner Jr., reports that in 2019 these two casinos paid to the county \$2,237,000 in real es-

tate and property taxes. Casinos also pay municipal taxes. In addition, the casinos have been good corporate citizens. As a result, during the 1990’s, the population of the Kiln and Diamondhead doubled. Twelve casinos on the Mississippi Gulf Coast generate total revenue of \$1.2B annually.
In forthcoming columns, the individual histories of the Casino Magic and Silver Slipper Casinos will be presented.

SUSY BURCH

Susy Burch, 81, a Bay St. Louis resident, passed away on Monday, June 21, 2021, in Slidell, LA, at the Ochsner Medical Center. She is survived by her husband of 50 years, Jim Burch; her niece, Tineshia Barnes; and countless friends she considered family. Susy was born in Missoula, Montana on April 16, 1940. Susy and husband Jim made their home in Bay St. Louis in 2004. Susy was an advocate for Friends of the Animal Shelter, a champion for equal human rights, she was an avid walker, and yoga took an essential role in her everyday life. She never met a stranger that didn't fall in love with her. Susy had a special knack for threading a diverse collection of friends into her life.

Susy was a fervent supporter of our local Old Town businesses. She made quick friends with many owners and was often seen helping to give the owner a well-deserved day off, namely Fashion Express, California Drawstrings, The Shoe Boutique, and Bijoubel. Also, two of her favorite restaurants in Old Town were Lu's and The Mockingbird Café, and Susy often "held court" visiting with the locals while having lunch. She and her husband Jim shared a "love at first sight" feeling during all their many years together. Susy loved her home life, and she and Jim worked tirelessly and lovingly on their vast property so they could share their joy with their friends and family. Her life will be celebrated, and her

love will remain in the hearts that she touched, threading so many unlikely people together as a family full of love in the drum circle of life. Her loving heart left a beacon of light for all in the community. We are gathering together to celebrate her full life of love, laughter, and kindness. Please contact the family directly to join us to honor a truly beautiful person. Memories and condolences may be expressed at www.AudubonFuneralHome.com

ELLEN HARRIS DULWORTH

Ellen Harris Dulworth, 65, passed away Wednesday at her home in Bay St. Louis. Born February 13, 1956 in Missouri, she grew up in a great foster home with a family that loved and treated her well. She married at Oliver Dulworth at 17 and he moved them to Bay St. Louis to make their home and have lived in Hancock county since. Oliver was a commercial fisherman for many years while Ellen raised their six children. When Oliver was injured and disabled on the job, she went to work as a security guard in the casino because Ellen was the type to do whatever was needed for her family. She took care of her family and children, and was always there when needed. She is remembered as a happy, hard-work-

ing woman who never met a stranger. She enjoyed fishing and spending time with her family, but her specialty was spoiling grandchildren and she worked even harder at that. A Christian by faith, Ellen was a loving, caring wife, with her children remembering her as the "greatest mother" anyone could have. She will be fondly remembered and sadly missed by all whose life she touched. Ellen was preceded by her loving husband of 32 years, Oliver Joseph Dulworth. Left to cherish her memories are: her six children: Chris Dulworth of San Antonio, TX; Della (Blaine) Bordelon of Kiln, with Dawn Dulworth, Brian Dulworth, Ruth Ann Dulworth and Peter Dulworth (Kashawn Wyamn), all of Bay St. Louis; along with her canine kids Spot and Casper. She leaves a legacy of

twelve brothers and sisters, thirteen grandkids and four great-grands, all of whom she did her best to spoil rotten, along with numerous extended family, friends and neighbors through the years. Ellen's final wishes were to be cremated, which her family is honoring and will hold a celebration of her life at a later date. Trinity Funeral Services is honored to serve the Dulworth family in their time of need, asking everyone to keep them in your thoughts and prayers through this difficult time.

Eric was born on December 26, 1953, to the late Mary Tate Johnson and Fred H. Lymuel, Sr in New Orleans, Louisiana and departed this life Thursday, June 24, 2021. He was a lifelong resident of the Mississippi Gulf Coast.

Eric's entrance into the workforce was with CSX as a railroad worker and he remained there until his retirement in January of 1999. While

working, he participated in local sports playing softball with Red Machine and later coaching the Career Girls softball team. He had many interests, but one of his favorite ways to unwind was watching a good western. He also loved watching professional football and basketball with his favorite NFL team being the Indianapolis Colts. During his later years, Eric decided to settle down and live a quieter, more considerate life. CAYCE THOMAS SEAL

Cayce Thomas Seal, 28, of Bay St. Louis went home to be with the Lord his Savior on Saturday, June 26, 2021. Cayce suddenly lost his life on the line, as an unsung hero, in service to others. Cayce, a graduate of St. Stanislaus College and Pearl River Community College, was a dedicated lineman for Entergy Corporation in New Orleans, after starting his career as a lineman with MDR Powerline Construction. However, his true work as a public servant and first responder began with the Bayside Fire Department as a firefighter.

Cayce is survived by his soul mate, Cassandra “Cassie” Lassabe and his children, Declan Thomas and Anistyn Reese; his parents, Doug and Michele Seal of Bay St. Louis; his brother Cody Seal and nephew Easton of Lakeshore; his grandparents Charles & Billie Lowery of Picayune and Annette Moran of Lakeshore; his parents-in-law Gregory & Danie Ladner of Dedeaux; and a multitude of aunts, uncles, cousins and friends that he considered family.

Cayce was preceded in death and is joined in Heaven by his grandparents Mrs. Gloria Moran of Lakeshore, Mr. Thomas J. Moran of Lakeshore and Mr. Phillip Seal Sr. of Catahoula.

Cayce was a competitor throughout his life, most recently spending his spare time competing in bass fishing tournaments, a mere hobby-turned-sport that quickly became a passion. His competitive drive began as a triple sport athlete in high school, as he played soccer, baseball and football. Cayce went on to play soccer at Pearl River Community College and at the semi-pro level for Port City Futbol Club. Everyone was relieved when he took a break from bullfighting, retiring his cowboy hat and trading it in for a coach’s jersey as a soccer coach (and occasional referee) for BAYS soccer league. When he was not working or competing, he enjoyed fishing for reds, duck hunting, driving the 1979 Firebird he inherited from his grandfather and a good Mardi Gras festivity. Cayce enjoyed life to the fullest and was a lover of family, friends and fun. Cayce was a

parishioner of Our Lady of the Gulf Catholic Church and a huge supporter of the Our Lady of the Gulf Crab Festival since childhood.

Cayce was a Christian, born of God and devout in his following. His faith was grounded in some very simple messages from God – be humble, be kind, love your neighbor, do good for others and follow the Lord in your heart, in your mind and most importantly, in your actions. Known to always wear his bracelet asking “What Would Jesus Do”, Cayce included God in everything he did. Cayce was a person who set out – every single day – to love others and be better than he was the day before.

Cayce was a son, a brother, a soul mate and a father. His charismatic personality meant that he truly never met a stranger, and he fully believed that meeting anyone he hadn’t known before was an opportunity to introduce himself to his next great friend. Sometimes this other person may not even realize that by meeting Cayce, they had just found a loyal friend, but inevitably they

would soon discover the significance of Cayce being in their life.

Services will be held at St. Clare Catholic Church in Waveland, Mississippi on Thursday, July 1, 2021. Visitation will begin at 11:00 a.m. and conclude with a Catholic mass which starts at 1:00 p.m. A procession will follow mass, and Cayce will be laid to rest with his Granny at Lakeshore Cemetery. Following the graveside service, there will be a gathering of family and friends at Lakeshore Community Center.

Edmond Fahey Funeral Home has been of the most assistance in coordinating the services and will be handling arrangements. In lieu of flowers, the family asks for donations to be made to the Bay Area Youth Soccer (BAYS) league.

• BEACH Continued from Page 1

and down. There’s been times where it’s really good and there’s been times where it got lax and we’ve had multiple meetings with them to correct things that we saw weren’t happening or that weren’t being done adequately or with the proper frequency of certain work items. And then things would get really good for a while. It’s been a little bit of a cycle of good and bad.”

Most recently, the topic of discussion was an out-of-season storm event with four-and-half-feet of tide, Clemons said, which caused post-hurricane type conditions on the beach.

“So, that was going into a holiday weekend,” Clemons said. “He honestly made a really good effort once he got out there, but he was delayed probably four or five days after that event had stopped and he was able to get out there. Once he got there, he hit it really hard and got a lot done. Going into the holiday weekend, there were still a lot of piles of debris on the beach, but he had gotten the beach pretty clean and he had gotten all the outfalls opened up and all the sand out of them.”

Clemons said that there had been some months the county withheld pay items from the contractor because the items had not been completed that month.

“Overall, for the duration of the project, at times it’s been really, really good,” Clemons said. “But, at times it’s also been problematic.”

Clemons said that Black Diamond submits a daily log.

“Even when you look at his log, there’s days where he’s not, he doesn’t have all the boxes checked,” he said. “And sometimes that’s rain events or weather events that he can’t do certain things and we understand that. There’s other times where it’s

not weather impacted and that’s when he starts getting behind on things and has to play catch up. Now, I will say this, they’ve always been very responsive to specific requests when we have a specific issue, they’ll jump on it.”

District 4 Supervisor Scotty Adam said that to try and get the contractor to be more proactive rather than reactive is the “whole deal.”

“I feel like we’re not his first priority anymore,” Ryan said. “I ride that beach every single day. I don’t see a day where there couldn’t be some maintenance done on the beach.”

Adam said that maintenance is supposed to be done daily.

“And when I see garbage cans overflowing, it’s not maintenance,” Ryan said.

Clemons said that the biggest item he’s had issues with is the sequencing of the contractor’s work.

“A lot of times it’s being treated more like a construction project where you perform one task and then move onto the next task after,” Clemons said. “The beach contract, a lot of it can’t be like that. It’s got to be parallel actions. When his sweepers running the bike path, that doesn’t mean you wait until you’re finished with that and move onto the garbage cans or move onto the screening. That all has to happen all at once. So, during the day, you should have multiple activities going on all at once.”

Clemons added that it is a contract requirement that the beach be screened every two weeks. The sweeping also needs to happen every morning to clear the bike path.

Ryan asked if the county needed to be more specific regarding its expectations. To which Clemons replied, “it’s pretty specific in the contract.”

“Now the sequencing part of it and being able to identify all the items that should be happen-

ing, by to me, should be done by 2 o’clock in the afternoon,” Clemons said. “Beach times kind of peak out about noon until late afternoon. But, we could maybe give a little more specifics on like these activities should all be occurring at once from this time to this time. We’ve never gotten that specific with it. We just had the requirements that they have to be done every day, every two days, or every week.”

Clemons said the contract also requires there be three workers every day.

Ryan said that there has not been three every day.

“He needs to come argue that because he said there has been,” Clemons said. “We have his logs that show most days he does have three. Are they working all day? I have no idea. They may be coming in the morning to empty trash or do whatever and then they’re gone.”

For 14 times per year, the county requires the contractor to do a 200 percent increase in manpower, Clemons said.

This would occur on holiday weekends such as on Memorial Day, July 4th, etc., he added.

“What I find disturbing is that he’s had this contract for a few years now and his performance up until the past couple of years, the beach was pristine,” Ryan said. “So, something has changed.”

Clemons agreed.

“In his defense on weather events,” he said. “Two weeks ago (end of May) was really ugly. We had marsh grass all over and we actually lost a fair amount of shoreline in that storm, it looked like to me. And we had a lot of floating debris that came up, boards and boards with nails in them. But again, he should have jumped on it quicker. Once he got to it, he busted his tail trying to get it for the weekend.”

Ryan said she thinks that “they have the potential to do an excellent job, that’s what’s disap-

pointing.”

Ryan’s district includes the majority of the beach and she said she’s received a lot of complaints about the beach.

Clemons said he would like to have Black Diamond come before the board to discuss the matter.

Ryan said she would like to do that, considering Black Diamond is the lowest bidder and give them the opportunity to explain what’s been going on.

Clemons said that Black Diamond is already operating on a month-to-month basis right now.

The board approved a motion to authorize a prorated contract with Black Diamond Construction through July 6.

Ryan said that county road manager Vic Johnson had been working on a quote to see how much it would cost the county to perform beach maintenance in house.

There is a buy back program with the equipment, Johnson said.

So, after three years, before the equipment could get too damaged from the salt water, there would be an agreement to buy it back at about half the pice, Johnson said.

“So if the equipment cost us \$100,000, they would buy it back at \$50,000 after three years,” he said.

“Knowing those numbers, we come up with a yearly average, after that initial start-up cost, of about \$133,000 in equipment and \$300,000 in labor, not counting fuel, we’re looking at about \$433,000 to do it in house,” Johnson said.

Ryan and Adam both agreed that the county wouldn’t be looking at much more of a cost.

“You’re looking at an investment in equipment,” Ryan said. “And then after that, it’s about the same cost as contracting this out. I can tell you what, if Vic’s crew does it, it’s going to be pristine.”

Johnson said there would be about six em-

ployees for beach maintenance.

“That’s something we really need to consider,” Adam said.

The county would also have the ability to start beach cleanup immediately after a storm, Adam said.

Clemons agreed that an in-house maintenance team will be able to respond a “lot faster.”

At the June 21 meeting, county administrator Eddie Favre updated the board on Johnson’s findings.

“Without having to change what’s already in the work as far as our paving program, which we have money in the budget already, plus we’re anticipating spending about a \$1 million out of the road and bridge fund for paving,” he said. “Which gives us about \$2 million in paving that we will be doing. We would anticipate that \$889,000, since there’s not sufficient money in the beach/seawall fund, be taken out of our general fund reserve.”

Favre said that the county currently spends about \$400,000 a. Year with a contractor, plus a “couple of hundred thousand for the county’s three employees.

“So we’re spending about \$600,000 a year right now,” he said. That’s just about what we take in in a year’s time on the seawall tax money. So it’s almost a break-even. What we’re proposing here is a total cost of \$475,000 a year and that includes six people. We already have three so we’re only talking about adding three more. If you look at the proposal, it’s an allocation of equipment replacement. So once we make the initial purchase, each year is budgeted, if you will, to have that money available when the equipment needs to be replaced.”

Once the initial expenditure is made for the equipment, then it’s automatically built in, Favre added. He also estimates that the county could see an annual savings of \$100,000.

Adam said that county-run beach maintenance would also allow the county to begin beach cleanup immediately after a storm without worrying about advertising for bids.

“This eliminates a lot of issues,” he added.

Favre said that the worst-case scenario if it’s a bad storm, it gives the county the ability to get out and start the work, at least until the board can do some sort of a bid process even when there is a situation where help is needed.

“Is it possible to make that decision today?” Ryan asked. “Because it will take many months to ramp this up.”

Johnson said he doesn’t know how long it would take to obtain the equipment. He said that it would take about a couple of months to get it ramped up.

County attorney Gary Yarborough said that the county would have to give the current contractor seven days notice prior to terminating the contract.

Adam said that “we don’t know when we will be able to get the equipment is the issue.”

Johnson said he would look into when the county could receive the equipment.

One of the major issues caused by the recent Tropical Storm Claudette was sand displacement, or loss of sand, Adam said.

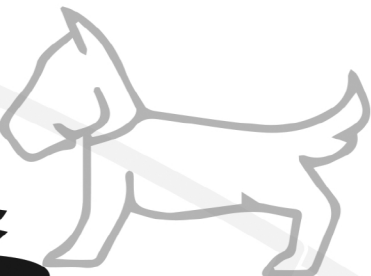

“The beach looks great right now because all the debris came over the road, but we’ve lost more sand than any storm last year,” Ryan said.

Vic said that the current contract provides for sand retrieval, at the additional cost of about \$70,000 a year.

“The biggest thing is that we’ll have six people out there daily on that beach,” Adam said. “And the equipment out there running.”

The board took no official action on the matter.

The next meeting is scheduled for July 6 at 9 a.m.

Celebrating Our Heritage/Praying for Guidance

By **C. GERALD RICHARDSON, D. MIN.**

In just a few days our country will celebrate its founding 245 years ago by remembering the adoption of The Declaration of Independence. This represented a new and, at the time, uncertain experiment in the governing of nations. It declared the equality of all persons. It called for the uniting of the several states into a national government which would be of, by, and for the people. It would be formalized just a few years later (1787) into a constitutional government whose purpose was to form “a more perfect union”.

This declaration was followed by a brutal war of revolution against the mother country of England which cost many lives. Many accounts of heroic actions, painful experiences, and strong leadership among both soldiers and civilians led to an eventual victory for the new nation and the beginning of a long struggle for the perfection of that union. It was not easy then, and it is not always easy today. However, faithful and loyal people from many points of view set about to correct the flaws, build upon the strengths, receive new insights,

C. Gerald Richardson, D. Min.

exercise the art of compromise, and eventually construct a country which has in many ways become the envy of the world. in terms of military might, economic power, civil and criminal justice, spiritual values, and much more.

While the status of “perfect union” has yet to be achieved there have been significant improvements. Slavery, which was part of the national experience at our founding required a horrible Civil War to abolish. Women, who lacked full citizenship were eventually given the right to vote and own property in their own names. A great civil rights struggle was waged to overturn “Jim Crow” laws and offer people of color opportunities which they had not enjoyed even after the abolition of slavery. Gender equality, while not fully realized, has

made great strides while laws regarding sexual orientation have grown more humane. None of this has been done without conflict, and in many cases, disagreements remain.

In most of these struggles religion and spirituality have played a significant role. Although there have surely been major exceptions, for the most part the great religions of our nation have come down on the side of equality and fairness. While everyone may not agree with new ideas and social change, there has been a strong willingness to allow for individ-

ual conscience, and that people should be free to follow the dictates of their own spiritual truth. As Dr. Martin Luther King, Jr. famously said, “The arc of history is long, but it bends toward justice.”

As we celebrate our independence this year, I will, as always, proudly fly my United States flag. As I place it on the front of my house I will do so with a prayer for that ancient goal of a more perfect union along with another prayer of thanksgiving for the nation that I call home. I hope that many will join me in such prayers.

SUMMONS BY PUBLICATION
THE STATE OF MISSISSIPPI
TO: ALEXANDER FEYJOO AND
UNKNOWN FATHERS
It appearing to the Court through a Sworn
Affidavit by the birth mother to the
Defendant in the suit filed in this court
by SAMANTHA JOYCE VITRANO and
BRYAN BERNARD VITRANO, Plaintiffs,
seeking Intrafamily Adoption of the Minor
Child M.A.B.C. Termination of Parental
Rights and For Other Relief or in the
Alternative, Custody, is Alexander Feyjoo.
The birth mother and Petitioner
SAMANTHA JOYCE VITRANO has
alleged Alexander Feyjoo to be the biological
father of the female minor child, M.A.B.C.
born on October 31, 2012 in Harris County,
Houston, Texas. Alexander Feyjoo refused
certified service of the complaint against
him. Further, the Petition alleges that all
potential or putative fathers of M.A.B.C. have
abandoned the child. It appears that ordinary
service of process cannot be served upon
the potential or putative fathers of M.A.B.C.
because the identity and whereabouts of such
father is unknown.

a written response to the Complaint filed
against you in this action to Amber Sheppard,

Meet OLD MAN.
Hands (paws) down, he is the sweetest cat at our shelter. He is joyful, loving, and possesses the soul of a kitten. He loves to play with toys, but his passion in life is to be petted, give "head bumps," and purr in deep appreciation. He just needs someone return all of the love that he has to give. We hope that this old man finds his someone special very soon. He is friendly with other kitties, but his preference is people. Old Man is available as an **inside only** companion. He is litter box trained and utilizes a scratching post. This senior sweetie is approximately 8 to 10 years old, but actually, in cat years, he's only middle aged! So, he has many years of unconditional love to give his new family. If you are interested in adopting this super sweet, mellow dude, please call the shelter at 228 466 4516 to arrange a meet and greet. You will fall in love with Old Man.

**Shore Thing
Fishing Report**
BY CPT. SONNY
SCHINDLER

We really enjoying having first time anglers on the boats. On a recent trip, I had a great family in from Ohio. Dad Brad, daughter Grace and son Zach were here on vacation, sort of. The rental house they had booked in Orange Beach, AL was damaged, and they found their way over to Bay St Louis.

They fish Lake Erie, but had never done a trip in saltwater before. You would have never known it, they did amazing.

The trout bite around Cat Island had been hot. When we got to the island, there were boats

everywhere. We nosed the boat amongst a few fellow charter captains, but no one was really catching. We opted to explore a little, and check a different part of the island. Luck was on our side. We landed on a school of big hungry speckled trout. Every Boat Monkey popping cork and live bait that hit the water, was met with a strike from a fat trout.

We radioed the other boats, and let them know we'd found some fish.

Five fellow guides quietly eased their customers right next to us. My "Ohio Players" put on quite a show. As fast as they could get their baits out, fish were coming back in. Once the other boats got set up, EVERYONE started catching fish. Brad even asked, "you know all

these guys"? I told him, "yeah we do our best to help each other".

After my crew caught what they felt was enough for dinner and to take home, they wanted to try for a shark. We left em biting, and quietly eased away from the other boats.

We never really any baitfish, so we just drifted in about 8 feet of water. We put out 2 baits,

and in less than 5 minutes had 2 big bull sharks on the lines. Graces shark made it to the boat, while Brads was a little too big to fool with, so we let it go. We snapped a few pics, released her shark and eased on in. Back at the Shaggys dock in Pass Christian harbor, mom and younger sister (and 2 dogs) met us to see the catch.

Later that evening, I

got a text from the "Ohio Players". They had taken some of their fresh trout to have cooked at The Blind Tiger in Bay St Louis. They were absolutely blown away by the meal!

It's always a treat to show folks our amazing town and fishery. Pretty sure we will see them again.

As always, have fun and be safe

HALTERMAN

Well, Spring has finally come to Diamondhead. Believe it or not, we actually got in four Tuesdays of golf. Amazing! This was probably the first month this year that we actually were able to play on each Tuesday.

On Tuesday, April 6, we played our Annual Scotch Doubles event. During this competition, many of us play with our spouses or significant others. Hence, the tournament has also earned the sub-title, "The Divorce Open." In Scotch Doubles

each twosome tees off and takes the best drive. From then on they each player alternates shots. Testy, if your teammate puts you in a bad spot. This winning Low Gross Team consisted of Therese & Eddie Mauterer (no divorce needed here), second place was awarded to Judy & Dennis Tazins while third place was taken by Susie & Lenny Fonenot. Low Net honors went to: 1st Place - Cathy & John Gesell; 2nd Place - Cheryl & Robert Saak and 3rd Place - Mary Mizell & Larry Torguson. During this round, Brigitte Beck-

er and Dinah Knobloch both scored a Chip-ins on hole #6. The round was followed by a great lunch in the Club House.

While our monthly Trophy Day was moved to the second Tuesday, April 13, we changed the competition to a Scramble because the Club had a Tournament scheduled; and we had to play regular tee times rather than our usual shotgun start. The First Place Low Gross Team was composed of Mary Alice Harfoush, Therese Mauterer, Margaret Sherwood, and Carolyn Yarbrough. The Second Place Team was made up of Sue Hebert, Audrey Ramirez, Pat VanDervort and Carol Wyrosdick. And, our Third Place Team included Susie Fontenot, Carole Griffin, Ann Nutting and Rachel Stewart. Carolyn Yarbrough got a Chip-In on Hole #1 while Pat VanDervort scored a Birdie on #7 (She gets credit for this even though it was team play because her team used only her shots on this hole.)

On Tuesday, April 20th, we played Pal Day. Each member of the Nines

chooses a Pal to play with her for this competition. Forty gals turned out for this event. And, the winners were 1st Place (in a scorecard playoff) the team of Kathy Jones and Shelley Palmature, 2nd Place (in a scorecard playoff) Betsy Lyons and Carol Wyrosdick and 3rd Place - Marilyn Galus and Margaret Sherwood. Beryl Laird (Hole #12) and Fran Smith (Hole #16) had Chip-Ins and Brigitte Becker had a Birdie on #13.

During the final Tuesday, April 27th, we played Blind Holes. This means the Club Pros determine a couple of holes that are removed from your score. You never know ahead of time which holes have been chosen. In Flight 1 our Low Net winners were: 1st Place - Judy Tausin, 2nd Place - Therese Mauterer, and 3rd Place - Ann Nutting. In Flight 2 - Nancy Sislow was our 1st Place winner while Carroll Gothie took 2nd Place and LaDonna Brown took 3rd Place in a Scorecard Playoff. We had a Scorecard Playoff for 1st Place in Flight 3 between Sylvia Corban (1st Place) and Dinah Knobloch (2nd Place), while Ruthie O'Neill took 3rd Place. In the Black Flight Kathy Lindquist took 1st Place, Jeri Harris took 2nd Place and Marsha Roberts took 3rd Place. Cathy Gesell had a Chip-In on #3 and Dinah Knobloch had one on #6. Birdies were scored by: Therese Mauterer on Hole #1, Audrey Ramirez on Hole #5, and Carole Griffin on Hole #9.

Hopefully, our weather will hold up for next month, and we will again get in our Tuesday scheduled golf.
